Hoping this isn't too big to make it to you! Here are the maps we got from DuPont last week

Hi Karen,

Thanks for fielding some of our basic questions from HQ today! I was wondering if you (or someone in your office) might send any air depo or other groundwater monitoring data to me and Charlie so we could review prior to our meeting with Dupont? It would give us a better understanding of geographic sampling areas, etc., and hopefully we won't be lost during the discussion next week.

Many thanks!
Lynne
